

**Operational Approach (ADP 5-0)**

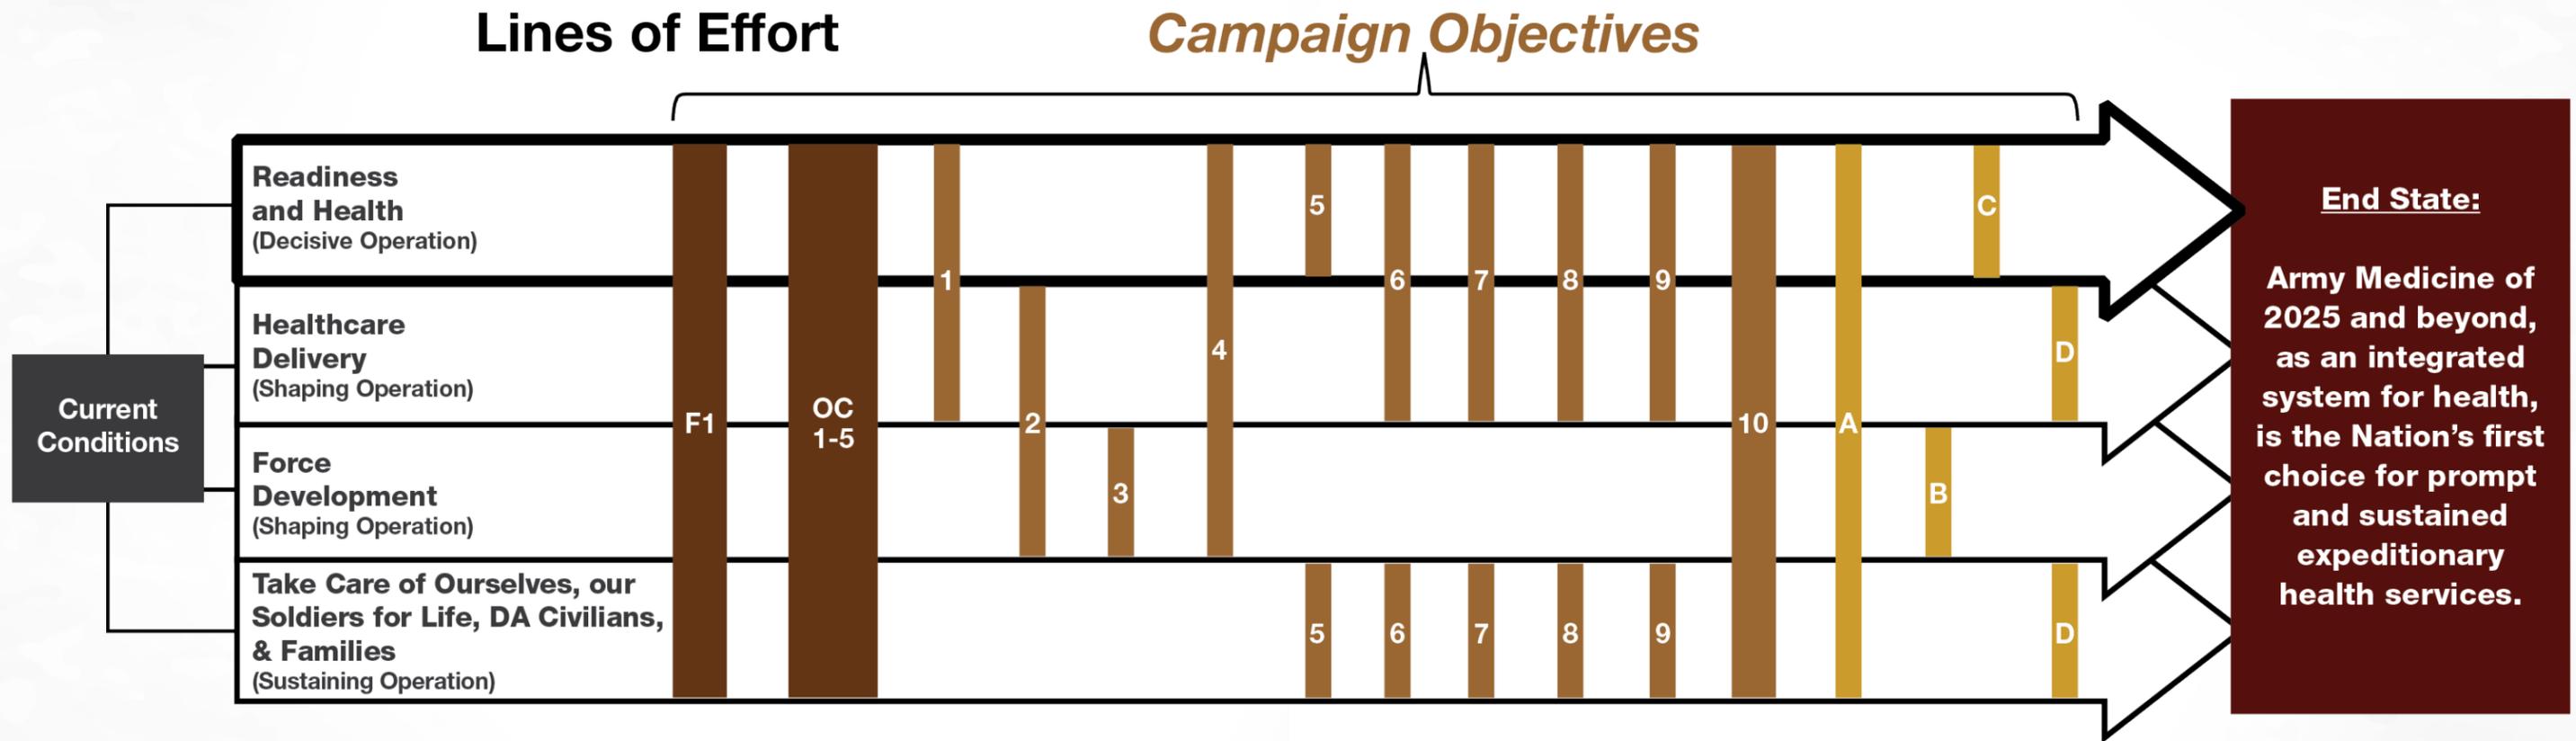

The operational approach forms the basis of the unit's concept of operations and serves as the link between conceptual and detailed planning.

**Army Medicine Mission:**

Army Medicine provides sustained health services and research in support of the Total Force to enable readiness and conserve the fighting strength while caring for our Soldiers for Life and Families.

**Army Medicine Vision:**

Army Medicine is the Nation's premier expeditionary and globally integrated medical force ready to meet the ever-changing challenges of today and tomorrow.
