ITEM			YES	NO	NA
a. Are references (e), (f), and (j) on hand, or readily available?					
b. Are personnel familiar with the other references and aware of where to obtain them?					
c. Are leaders implementing steps as part of a risk assessment to prevent, recognize, and control combat/operational stress reactions in their own unit personnel?					
d. Have unit personnel been trained in recognizing and controlling combat / operational stress reactions?					
e. Does the unit use the most recent version of the Combat/Operational Stress Control-Workload and Activity Recording System Summary Report (COSC-WARS SR) to report COSC interventions & activities?					
f. Does the unit ensure clinical documentation (on FMD contacts) is placed in the soldier's Deployment Medical Record (DD Form 2766)?					
g. Does the unit perform a monthly sample chart review of each provider for chart completeness?					
h. Does the unit have a system for establishing case files during deployment? 1) Is there a system for safeguarding these files? (I.e. double-locked or at least not in immediate eyes-view) 2) Is there a plan to coordinate the transfer of files upon redeployment?					
i. Have providers attempted to use the electronic medical record?					
j. Are command-directed evaluations performed IAW references (e) and (f)?					
k. Are the unit MH providers familiar with Army Suicide Event Reports (ASER) and in compliance with reporting requirements?					
l. Are COSC/MH personnel who require clinical supervision receiving it?					
m. Are the credentials of the staff current and on file with the DCCS? 1) Are they appropriate to the current job? 2) Do all licensed providers have current BLS certification?					
n. Do personnel know who the UVA is, the SARC, and how to contact them?					
o. Is there a policy in place for 24-hour coverage?					
p. Is there a coordinated effort made between the different COSC/MH personnel on the FOBs? (i.e. Division MH, ASMC MH, CSC unit, CSH)					
q. Have COSC/MH personnel contacted the chaplains, medical personnel, leadership, and UVA/SARCs of supported units?
